OUR PROJECT MAP

OUR APPROACH

Vision Hope International is committed to respond to humanitarian crises by providing solutions that integrate relief, recovery and development.

Following our vision and mission, we aim to initiate partnerships with local organisations on the ground and involve the communities at all stages of the project cycle. Through their participation, we are able to create ownership and durable solutions for the most urgent needs. While doing so, we are adhering to the humanitarian principles and international standards.

With passion and dedication, we are working towards a sustainable future for individuals, families and communities.

OUR SECTORS

Through our projects, we are engaged in different sectors:

Health, Nutrition, Protection, Livelihoods, Education, Youth, Food Security and Water, Sanitation and Hygiene.

OUR VISION

Empowered people transform the world.

OUR MISSION

Together, we work with local communities to create sustainable solutions in the world's most difficult regions.

ABOUT US

Over the last 15 years, Vision Hope International, a German organization, has been dedicating its efforts in the MENA region. After initial activities in Yemen, we are now implementing projects in Jordan, Syria, Yemen and Tunisia.

Our projects range over humanitarian to transitional assistance and sustainable development. Besides the engagement of volunteers and generous private donations, our activities are funded through donors such as the BMZ, UN OCHA, WFP, UNICEF and other private foundations.
