

VISION HOPE INTERNATIONAL E.V.

VISIONHOPE Immediate disaster relief is just the beginning; our commitment extends far into the future.

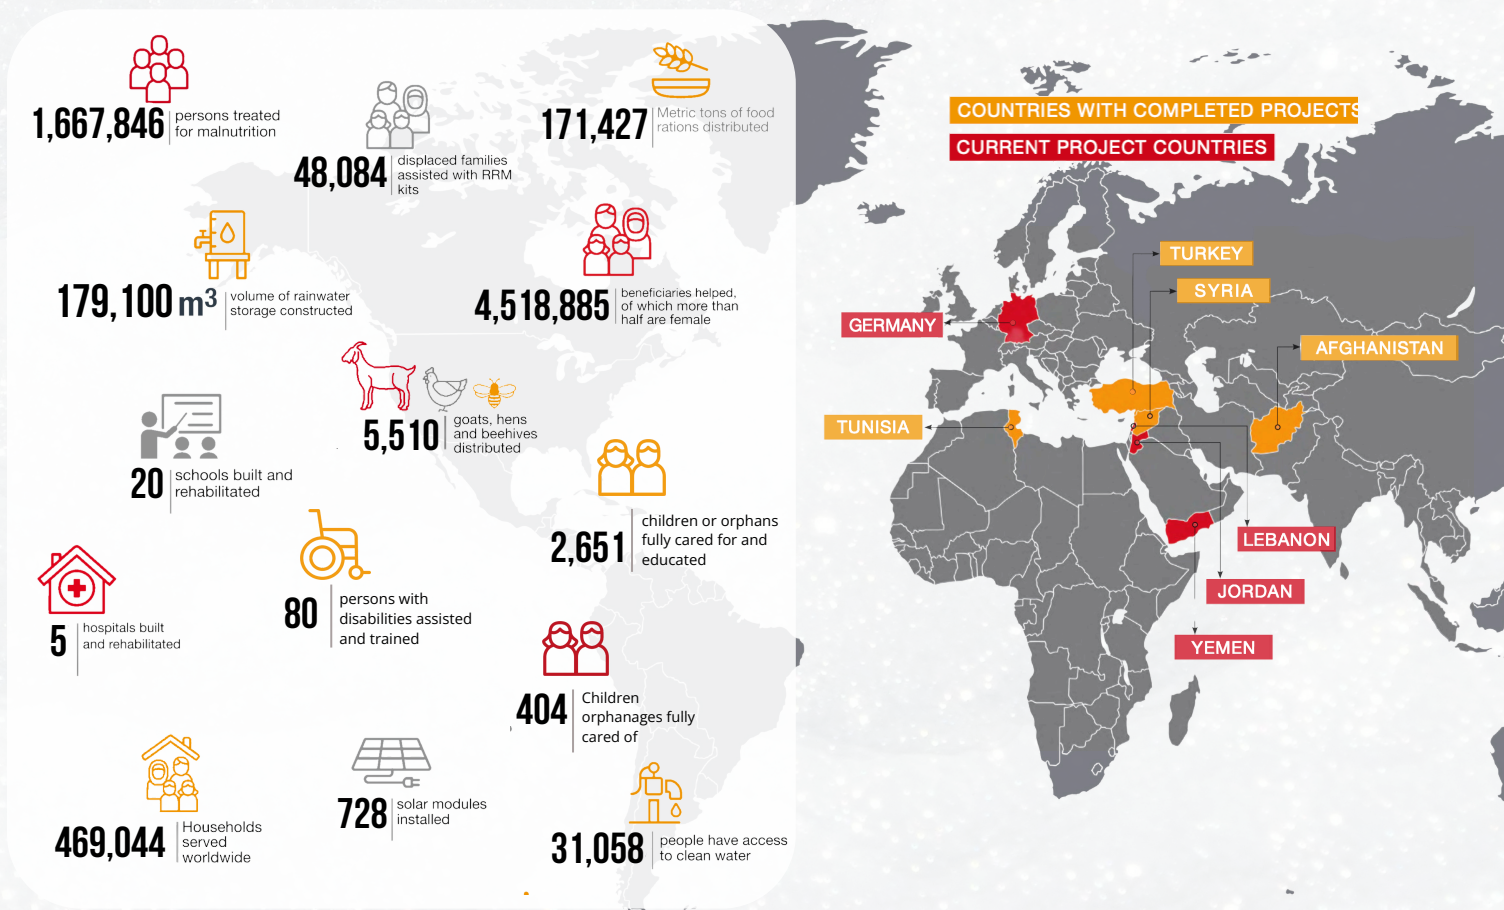

Vision Hope International e.V. is an independent, **German-based non-profit humanitarian organization in the Middle East and North Africa (MENA) region**. Founded in 2002 in Freiburg im Breisgau, Germany, by Matthias Leibbrand, Vision Hope emerged from his passionate dedication to uplifting lives in Yemen. Vision Hope works with **local communities to create sustainable solutions** that advance peace in the world's most difficult regions. Vision Hope strives to demonstrate **justice and peace** in ways that deeply resonate with the communities they serve.

Vision Hope has been active in **Yemen** since 2002, partnering with local organizations and operating in 9 governorates with 6 active offices. Since 2012, Vision Hope has been in **Jordan** responding to the Syrian refugee crisis, and in 2016, it expanded to **Syria** with direct involvement in relief efforts. In 2020, with the response after the Beirut port explosion, we've started our activities in **Lebanon**.

Vision Hope in Numbers

Over the past **20 years**, Vision Hope has transformed lives and communities, driving sustainable change and empowering individuals. **In the last 5 years alone, Vision Hope has accomplished the following:**

Stories that inspire hope and transformation.

*Ibrahim is a beekeeper from Yemen who was no longer able to feed his family after losing his bee colonies. **Vision Hope was able to support him with beehives, equipment and training** so that he can protect his bees in the future. He has even been able to increase the number of his bee colonies and can now support himself and his family by selling honey.*

*Amina, a mother of five in Yemen's Hajjah Governorate, faced harsh realities of conflict and scarce resources, unable to read or write. Vision Hope's **Food-For-Training (FFT) project**, in partnership with WFP and funded by BMZ, offered food assistance for skills training. Hesitant but determined, Amina joined the literacy and home economics program. After three months, she mastered baking and perfume-making, becoming a community leader and transforming her family's future.*
